

## **REPORT TELELAVORO**

Working Date: Wednesday October, 6th 2010

Working Time: 08:00 – 12:00

13:00 – 16:36

### Activities

- 1) Project "XXXX": developed a script for XXX. The script works on information extracted from XXX. It accepts as input a TextPro file (with annotations on ...), a SML file (encoding the automatic transcriptions) and a directory. The script produces in the given directory a copy of the TextPro file with an additional column encoding the start time of a token. The script is /xxx/xxxxxxxx/xxxxxxxxxxx\_xx/txp.pl

Total working hrs: 3:36

- 2) Project "XXXX": further testing about the mmap issue on the "xxx" machine; investigated the RAM behavior in two conditions: a)with programs using heap intensively without mmap b)with both a mmap program and a intensive heap usage program. Additional experiments are needed.

Total working hrs: 2

- 3) Project "XXXX": performed management operations on the wiki (added a new user with r/w permission)
